DK Outsource Pte Ltd attains ISO 9001:2008 Quality Management Systems certification

The first builder-QS firm to be certified!

DK Outsource Pte Ltd, established since 1998, is pleased to announce it is now certified as ISO 9001:2008 compliant company. We are the first builder-QS firm to attain such a significant milestone in becoming certified to the ISO Quality Management Systems standards and guidelines with effect from Aug 2009.

DK is the ONLY specialist Full Time Quantity Surveying firm that assists Builders in the Tender and Post Tender needs.

DK underwent a stringent evaluation process that included quality management system development, documentation review, pre-audit, initial assessment, and clearance of non-conformances, all of which work to identify corrective actions that eliminate non-conformance to the quality management standard. This journey covered six months.

The ISO 9001:2008 certification recognizes that our policies, practices and procedures are of a consistent quality. We are dedicated to maintaining the highest effectiveness and responsiveness in the delivering of a total customer satisfaction.

Heartiest Congratulations from All of Us:

"Congratulations to DK on achieving another milestone in your strive towards Quality Excellence. The enthusiasm and commitment throughout the organization has largely contributed to the smooth and successful implementation of ISO 9001:2008."

Mark Ho, Lloyd McGill Pte Ltd

"Being ISO 9001:2008 certified has helped us increase efficiency and enhance our internal quality management system, thereby delivering quality and timely services to our valued customers. The preparation and implementation of the ISO systems has been a great experience with every staff at DK and we look forward to enhance our quality and customer oriented culture in the future."

Dennis Kwok,
Managing Director of DK Outsource Pte Ltd
