Singapore 408868

**Attention: Mr Dennis Kwok**

Dear Dennis,

Our work with Dennis and his team at DK aimed to reduce our time taken with quantity takeoff. We were thrilled when his team went beyond our expectations in terms of cost savings and the speed with which we accomplished our costing. What we appreciate most about working with DK is their ability to respond promptly to queries, project extensions, and still deliver the expected results.

Thank you.

Yours faithfully,
